Extension Springs		Torsion Springs	
Track Radius	Headroom Needed	Track Radius	Headroom Needed
12"	10"	12"	12"
15"	12"	15"	14"

Price Includes

- **Heavy-duty 25 gauge steel** skin bonded to $\frac{3}{8}$ " thick polystyrene insulation for durable, quiet, energy efficient operation. **R-value 4.4.**
- **2" thick frame** secured to steel shell with a durable, rust-proof Tog-L-Loc™ fastening system.
- Steel skin with **Traditional** woodgrain textured raised panel (Model 183) or **Flush** panel (Model 187) complements any home style.
- **Hot dipped galvanized steel skin** with a baked-on primer and top coat helps assure maintenance-free durability. Finish may be painted with a high quality exterior latex paint to complement the home.
- **Nylon rollers** help assure quiet, long-lasting performance.
- **Patented Safe-T-Bracket®** designed for added safety; cannot under normal circumstances be removed while door is under tension.
- Shiplap joints and **bottom weatherseal** in a rust-proof aluminum retainer helps seal out the elements.
- **12" radius track** for normal installations. 15" radius track available.
- All **hardware included** *except* rear track hanger, low headroom hardware, vinyl perimeter seal and operator reinforcement bracket.
- **EZ-Set™ torsion springs** standard on all double doors (greater than 10' wide). **Extension springs** standard on single doors (up to and including 10').
- **Inside slide lock is standard, outside keyed lock** available (at additional charge). See page S20.

Special Notes:

- For doors sold through Home Depot's Expert Installation Program, the springing systems and locking systems may vary by market.
- Doors ordered in white unless a color is specified.
- See page S2 for panel arrangement.
