15"	12"	15"	14"

Price Includes

- **Steel + insulation + steel** is pressure bonded for durable, secure, quiet operation.
- **1 3/8" thick polystyrene insulation** provides energy efficiency. **R-value 6.5.**
- **27 gauge exterior steel** with **Elegant** woodgrain textured raised panel (Model 2050) or **Flush** panel (Model 2051) helps assure long-lasting beauty.
- **Hot dipped galvanized steel skin** with a baked-on primer and top coat helps assure maintenance-free durability. Finish may be painted with a high quality exterior latex paint to complement the home.
- **Prefinished white end stiles and interior steel** provide a clean and finished appearance.
- **Extended life cycle nylon rollers** for durable, smooth, long-lasting operation.
- **Patented Safe-T Bracket®** designed for added safety; cannot under normal circumstances be removed while door is under tension.
- Tongue and groove joints and **bottom weatherseal** in a rustproof aluminum retainer helps seal out the elements.
- **12" radius track** for normal installations. 15" radius track available.
- All **hardware included except** rear track hanger, low headroom hardware, vinyl perimeter seal and operator reinforcement bracket.
- **EZ-Set™ torsion springs** standard on all sizes. Doors professionally installed include **Standard** torsion springs.
- **Corrosion resistant, durable galvanized springs** with clean appearance.
- **Inside slide lock is standard, outside keyed lock** available (at additional charge). See page S20.

Special Notes:

- For doors sold through Home Depot's Expert Installation Program, the springing systems and locking systems may vary by market.
- Doors ordered in white unless a color is specified.
- **See page S2 for panel arrangement**
